

# SORBETTA®

The Sorbetta Family of Liqueur's are extremely rare in quality and are uniquely the first potato based Liqueur's ever to be available in the United States. The Sorbetta's achieve an uncompromising freshness in their taste profile by using only individually hand peeled and macerated fresh fruits combined with pure cane sugar that is patiently crafted in small micro-batches from the spirits of LiV Vodka. LiV Vodka is an Ultra premium, artisanal 100% potato vodka, distilled from Long Island potatoes.
