About Long Island Spirits:

Founded on January 5, 2007, Long Island Spirits was the 100th distillery in the country at the time. It was also the first distillery on the Island since the 1800's. Surrounded by centuries old of potato, corn, wheat and rye farms, the distillery is located on the bucolic North Fork of Long Island, in the heart of the acclaimed wine region. This innovative distillery is rich in history and tradition, dating back to the early 1900's. Today, the twin-cupola barn and new barrel house serves as the headquarters for Long Island Spirits Craft Distillery. Long Island Spirits is proud of the long history of this unique "twin cupola" barn and strives to help preserve this symbol of the rural character of the North Fork of Long Island. Long Island Spirits is a recognized pioneer in the Craft Distilling world, as a "Field to Glass" distillery, it produces award winning iconic brands that include LiV Potato Vodka, Rough Rider Small Batch Bourbon & Rye Whisky, Pine Barrens Single Malt Whisky, Deepwells Gin and Sorbetta Liqueur's.

Long Island Spirits Craft Distillery was born out of the passion Rich Stabile has developed for spirits over the course of his lifetime. With deep family ties to Long Island and its bucolic east-end, Rich has become a recognized innovator and highly regarded force in the Craft Distillery movement over the past 10+ years. As a Board Member of the Long Island Farm Bureau, Rich helps with stewardship and preservation the many family owned farms and vineyards growing potatoes, corn and rye as well as producing many world-class wines. Prior to formally entering the spirits industry, he enjoyed business recognition and entrepreneurial success in the semi-conductor industry as a top global business development executive.
